WPS Online Safety Policy

A Policy To Keep Us Safer

Sharing

Sharing is important but not everything is meant to be shared. We never share our real name or information about ourselves.

Ask

We always ask a grown-up before we use a device. We always ask a grown-up if we are unsure if an app or a game is safe for us.

Friends

Friends are people that we know in real life, not people we have met online. We never chat to strangers or agree to meet up.

Enjoy

We all want to have a good time and enjoy our time online. We are the same kind and caring people we are in real life.

Report

We report anything which makes us feel sad, scared or uncomfortable to a grown-up straight away.
